### EDWIN EOOTH.

admiration for nearly three-quarters of a century. It was in 1821 that Junius Brutus Booth came to the United States from England, where he had already been recognized for his genius as well as his eccentricities. Since then the unhappily the assassin of President Lin-

Of all the family, Edwin filled the the affections of the people. Throughhis career he has been distinguished for his amiability as much as for his genius. Of late years, especially since the death of Edwin Forrest here and of Macready in England, he has been acknowledged as the leading Englishspeaking actor, not only of the American stage, but of the world, in tragedy and the higher class of dramas. His

gress in September has been well re-ceived by the New York banks. The ofcers of such institutions express satisfaction at the clear, emphatic terms in but to all people who use the Western which Mr. Cleveland's decision is stated. which Mr. Cleveland's decision is stated. The President of the Chemical Bank travel or freight. says: "Mr. Cleveland did not make the situation; he had to take it as he found it. I have every confidence in the pres-

less do his whole duty, and will seek to "improve the financial situation,"it is for Congress to act. It needs no argument to satisfy the people that the remedy for the present embarrassment is the repeal of the law which obliges the Government to use the gold the nation needs for the purchase of idle silver bullion which it does not need and for which it does not need and for which it has no use. But Congress must pass the repealing act.

society he went in, and he always succeeded in making his presence felt there, although it wasn't known usually until after he had gone.

Mr. Davis went into society late at night and very early in the morning. He says that the part of the Order he represents is much in favor of winding up the affairs and not making any attempt at reorganization. He says the liabilities are 13,000,000, due to the fact that no assessment has been made for ten months, and the preparents is much in favor of winding up the affairs and not making any attempt at reorganization. He says that the part of the Order he represents is much in favor of winding up the affairs and not making his presence felt there.

He says that the part of the order tempt at reorganization. He says the liabilities are 13,000,000, due to the fact that no assessment has been made for ten months, and the liabilities are increasing at the rate of \$500,000 a month. A circular setting orthogonal than the present tempt at reorganization.

Which it has no use, list Congress and announce him. He generally at the part of the Order he represents is much in favor of winding up the affairs and not making his present known usually until after he had gone.

He says that the part of the Order he represents and not making any attempt at reorganization.

He says that the part of the forter he represents and not making any attempt at reorganization.

He says that the While President Cleveland will doubt-

the action of those engaged in financial operations and business enterprises. Government. If these are used as they in financial operations and business enterprises will, as Mr. Cleveland says, contribute their share of hope and steadfastness, they will do a patriotic act, and at the same time protect their own interests.

The bankers and financiers of the city admit that President Cleveland does his duty. Are they ready to do
